Michael A. Covington

[(Practical Amateur Astronomy 2 Volume Paperback Set)] [By (author) Michael A. Covington] published on (November, 2002) Michael A. Covington

Together, this two volume set provides the amateur astronomer with all the information they require in order to set up their telescope and embark upon an exciting exploration of the night sky. Complete with troubleshooting advice, practical tips for observing over 200 interesting celestial objects, and information about the latest products and resouces, Covington's two books will become an essential purchase for every new telescope owner.
